# LEEVI KAURANEN

Upcoming ICT-engineer

## SUMMARY

First year student in the field of ICT. Seeking for a first job in this field of work. As i'm in the beginning of my journey to become a professional, i am willing to put my time and effort to learn new skills and gain understanding of different methods. I get along with all sorts of people and i always try to see the good in all things. I look forward to solving problems and gaining deeper knowledge.
